

Roman Day

As part of their Romans Project Year 3 held an exciting Roman themed day where the children got to interview a person from the time period, explore artefacts, play Roman games and recreate an incredible battle between the Romans and the Barbarians. The noise from the battle was so loud, that parents even heard it up the road! They even had a Roman feast with platters of crusty bread, fresh fruit, and homemade honey muffins. A fantastic way to learn about the past, a brilliant day was had by all.

A big thank you to parents for sending their children into school in Roman clothes alongside some impressive shields which played a very important role in the battle.
