

We are working together to improve our school...

The school council has been incredibly successful over the last few years...

- ✓ They organised the addition of the world map on the bottom playground...
- ✓ The clocks that you see on the playground were chosen by the school council...
- ✓ Through discussion with classes in the school, the council decided to purchase iPads for the children to enhance their lessons...

We are working together to
improve our school...

This year, the school council have appointed a Head boy and Head girl, who have set an excellent example for the other pupils. They have been involved in the library project and have selected quotes and a beautiful picture for the walls. Finally, they have set the weekly values for our assemblies.

Well done for all your hard work!

We are working together to improve our school...

- ✓ Other successes include the lunch band system and the additional bark purchased for the playground equipment.
- ✓ Through a Super School council meeting, two of our Year 5 representatives introduced Mathletics into our homework programme and so far this has been very popular with the children.

SCHOOL
COUNCIL

- ✓ The school council helped design our school pool by choosing the colour of the lining.

We are working together to improve our school...

- ✓ The previous school council suggested changing the surface of our tennis court to AstroTurf. This has been a wonderful addition to our school.
