Write the name of your special person, who has died, in the centre of the flower. You could draw their picture.  
Write all the things that were amazing about them in each petal of the flower. Then colour in the mandala.

Draw a picture of you and your special person in the star shape. You could write both your names. Colour in the mandala.

What do you wish for? Draw your wish in the centre of the circle and then colour it in.

If you could choose one special memory of your special person what would it be? Write it in the centre of the mandala and then colour it in.

Write or draw something that makes you feel happy in the centre of the circle and then colour in the mandala.
