

**Year 4 Foundation
Overview
18th – 22nd May**

Science

Wonderful Water
Read through the power point and have a go at the mini experiments/activities. As you complete the activities record your findings on the 'Changing State' activity sheet.
There is a one, two and three star option, so choose the star that you'd usually tackle in class.

RE

Jews believe that Moses was a very important prophet. He was chosen by God to pass on ten laws to all of the Jewish people known as the ten commandments.

1. Watch the following video on the ten commandments

<https://www.bbc.co.uk/bitesize/clips/ztd2hyc>

2. Create a poster of your own 10 rules to live by. This could be for the whole world, or could be given a theme, e.g. in school, at home etc.

PSHE

Go on a walk and create a journey stick – see attached sheet.

Super star challenge

Write an acrostic poem. This could be on the theme of school, or about your time at home/ how you're feeling and what is happening in the world.

**You could use the word
Shottermill.**

Project

This week we're looking at a World War 1 officer's life and creating a timeline about it.

Here are the instructions about what to do:

<https://youtu.be/LhjAZK9ZaYI>

Use this page to research his life:

<https://www.bbc.co.uk/bitesize/topics/zqhyb9q/articles/zbgxbdmm>

Creative Challenge!

*Create your own animal
Combine two of your favourite animals
to create a new one.*

What would it look like?

What will you call it?

*e.g. An elephant and a zebra might
become a zelegant!*
