

Project Geography- to identify known locations for yourself.

Create a 'me' map. In the centre draw yourself and list the towns or villages that you visit every day.

In the next ring write the places that you visit every week or month

In the outer ring list the places that you visit occasionally, or you have visited only once, ie holidays.

Year 3

15th- 19th June

Geography- Grid References

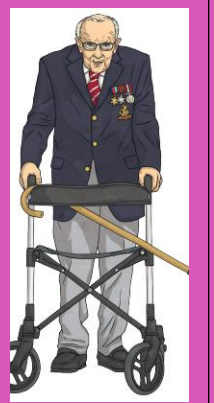

Last week we looked at how symbols can help us to read maps and this week we will be learning about grid references.

Watch the BBC Bitesize video and then try using grid references yourself on the Animals at the Zoo Grid Reference sheet. We recommend using the 1 star sheet first.

Reading and comprehension

Captain Tom Moore wanted to raise money to help the NHS, so walked 100 laps of his garden. Read the report and answer the questions fully.

RE- Airport Multi-faith and Belief room

<https://simplycollectiveworship.co.uk/wp-content/uploads/2020/04/RE-Project-Learning-Resource-Multi-Faith-And-Belief-Room.pdf>

Your task will be over the next few weeks to design a multi faith room at an airport, that anyone of any religion would like to use.

Task 3: Create a plan of the room including where the artefacts, books and other items will go. You could build the room out of Lego or craft materials

PSHE

KINDNESS STARTS WITH ME

During lockdown people have shown their kindness in many ways. What have you done that was kind to yourself or others?

Science- To compare and group animals by their diet.

Look through the PowerPoint presentation on animals and create a fact sheet about an animal that you don't know much about.

CREATIVE CHALLENGE

Make a skeleton model or picture, trying to use as many of the correct bones as possible. You could use pasta, chalk, sticks or recycled items.
