

Dear 4RB,

How are you? We have missed you all so much and are excited to be your year 5 teachers. We've already moved into the current 4T classroom and are working hard to get it ship shape and looking lovely for your return. Do you have any ideas and suggestions for how you would like our new classroom to look?

We welcome Miss Edge to our class as our new LSA. Miss Edge lives right next to school and has a daughter, Millie, in the current 3G class. She is very kind and funny and we know that you're all going to make her feel welcome when you meet her.

Like you, we've found lockdown very strange and, at times, challenging. The glorious weather has helped a lot and we've enjoyed spending time in our gardens to relax. How have you managed to relax during lockdown?

We've also loved our phone calls to you all and have been blown away with the positivity and resilience you've all shown. You should be very proud of yourselves and your parents who have worked hard to home school you.

We'd like to know the one thing you've missed most during lockdown and the thing you're looking forward to most once we're all back to school?

We're looking forward to reading your responses to this letter. Keep smiling!

From,

Miss Rust, Mrs Burr and Miss Edge
