

Dear 4H,

Welcome to 5M - You're about to have the most exciting year of your life! I am really looking forward to teaching you and learning more about you.

My favourite subjects are maths, art and P.E. I cannot wait to have some fabulous lessons in art, getting grubby and running until we are red in the face in P.E. **What's your favourite subject? Which topic have you enjoyed the most this year?**

During the summer, I normally love going away on holiday. I usually pop to France to see old friends as I used to live there! I absolutely love travelling and have tried to go somewhere new every year. Depending on the circumstances, I may go to Scotland this year to explore. I have been told there are some amazing castles there. **Where have you been exploring? What adventures did you have?**

When I am not at school I love spending time pursuing my hobbies. I love everything outside (when it's sunny!) this includes cycling, hiking, running, kayaking and reading. When the weather is not the best, I enjoy watching the F1 and rugby. I was even lucky enough to go to the Monaco Grand Prix last year. **What are your hobbies?**

I love teaching but when I was your age, I wanted to be a vet. **What do you want to be in the future?**

I look forward to reading your replies and teaching you next term.

Have a fab summer!

Miss Madden
