

We are working together to improve our school...

So far this year, the school council have designed a new 'Buddy Bench' for our playground. They are now busy planning a cake sale to raise money for the bench.

The school council have also had some great ideas for improving well being. They have come up with an idea for kindness tokens, which they will be presenting to the whole school very soon.

On Monday 28th March they will be holding a toy and book sale to raise money to help Ukraine.
