Arts and Crafts ECA

We visited the lovely arts and crafts ECA. Tyler Spear from 5W told us, "We have had glass jars which we coloured in. We have also decorated toilet rolls. I would mostly recommend this ECA to year 4 and year 5." The arts and crafts ECA is very popular. It is a great choice for creative people and it gives you a wide variety of different activities that can be done in each session. It is one of SJS's favourite ECA options.

Multi Sports ECA

The multi sports ECA is fun and sporty activity including lots of fun and excitement. Rafe Zakaria from 5W says, "It includes sports such as basketball and football. This ECA is definitely best in Summer!" Multi sports is for sporty people who love exercise and want to improve their teamwork skills.

Gardening ECA

All the people in SJS who love plants and outdoors love the gardening ECA! Lilia from 5W says, "Cutting the plants is interesting. This ECA is best in Autumn because of the soft ground.

I would recommend this ECA to years 5-6." This ECA has a calm environment where people can relax in nature and make the school look beautiful with plants. It does not usually have many people, which just makes it nicer!

Debate ECA

This is a quiet ECA in which people debate and discuss various questions. Vinnie from 5RB says, "My favourite thing about this ECA is discussing and explaining things and why we believe it." This ECA is for deep thinkers who want to explore further into explaining things and persuading others to think as they do. People doing this ECA believe that it is of extreme importance that everybody understands why things happen in the world.

English is Fun

English is fun is an ECA for all people who have a passion for creative writing. Nick and Teddy from 5W say, "We create slideshows and bookmarks. We would recommend English is fun for all years."
